

PAR HOPER ABCD SCRAMBLE EVENT

THIS IS A TEAM LOW GROSS EVENT

THIS IS A SHOTGUN START EVENT

**YOU MUST SIGN UP AT LEAST ONE WEEK BEFORE IF YOU WANT
TO PLAY IN THIS EVENT!**

**THERE WILL BE NO LATE SIGN UP, AS TEAMS WILL BE MADE UP
THE WEEK BEFORE THE EVENT.**

1. Teams are made up from each of the four handicap brackets. Brackets are determined by sorting the handicaps of the players participating in the scramble from the lowest to the highest handicap. The players with the 25% lowest handicap will be group "A" and the players with the 25% highest handicap will be group "D" etc. Each team will consist of the lowest handicap player from the "A" and "C" brackets and the highest handicap player from the "B" and "D" brackets. See back of page for explanation. The "A" player is considered to be the team captain, and is responsible for the readiness of his team.
2. Beginning at 7:00 AM, each 4-man team will sign in at the starters' desk and the HEAD STARTER will assign your starting tee assignments.
3. When your 4-man team is complete, move to your assigned tee. The first tee shot will be at 8:00 AM.
4. In the event a team player does not show, the group will play as a threesome.

RULES

1. All "Par Hoper Rules of Play" will apply except:
NO MULLIGANS!!! And NO GIMMES!!!
2. Best ball format: All players hit their tee shot from their respective tees. Select the ball in the best position and all players hit from this position. This procedure continues until the ball is holed out. Do not tap in close putts until all members of the team have putt.
3. There is no limit to the number of drives that can be used per player.
4. **Mark your team's score on a separate line on the card.**
5. All ties will be broken using "Par Hoppers Rules of Play" Tie Breaker procedure.
6. As there are no individual scores in this event, your average score will be recorded as your individual score for today's play. This gives you credit for a play date.

Example:

If we have 16 players in the scramble, those 16 are arranged 1 thru 16 by handicap. The lowest 25% is bracket "A", the next lowest 25% is bracket "B", the third lowest 25% is bracket "C", and the highest 25% is bracket "D".

Teams will be composed of one player from each bracket and will be assigned as follows.

A	B	C	D	
1	8	9	16	= 34
2	7	10	15	= 34
3	6	11	14	= 34
4	5	12	13	= 34

1, 8, 9, 16 would be team 1.
2, 7, 10, 15 would be team 2 etc.

Substitute handicaps for the numbers and the total handicap, for each team, will come out much closer than if done randomly.

BOARD APPROVED DECEMBER 2, 2019
